CATARRH DISCOVERED TO BE THE GREATEST ENEMY OF THE NINE-TEENTH CENTURY WOMAN.

Catarrh of Some Organ the Cause of Most IIIs of Womankind.

Miss Barbara Shoelppe, 226 Wisconsin avenue, St. Louis, Mo., writes: "I had suffered with catarrh for over three years. At last I got so bad that I could not fulfill my duties. I not only had the catarrh during the winter, but all the year round. I never could get over a cold in the head. I read about Pe-ru-na and gave it a trial. After taking the first bottle I was very much relieved. I took it for over a month and was happy and well again, but not quite cured, so I wrote to Dr. Hartman for advice, which he very kindly gave me; and, with his help and Pe-ru-na, I am now quite well. I recommend it to everybody with many thanks."

In glancing at this group of handsome. Miss Linnie Wiggins, Berlin Heights, O., says: "I send my photograph and testimonial. I suffered with catarrh of the head, nose and throat for three years. I could get no relief until I began taking Pe-ru-na. Independent of curing my catarrh, it has greatly improved my general health. I cannot describe the change. Anyone suffering from catarrh, and knowing that it can be cured, would be very unwise not to take Dr. Hartman's advice. Follow directions. Pe-ru-na does the rest." Mrs. O. F. McHargue, Bozeman, Mont., writes: "After I received your advice in regard to the supposed polypus, as of then could not afford to have it removed. I began to take Pe-ru-na, thinking I might at least get some temporary relief. By the time I had taken one bottle the polypus had disappeared, and three bottles cured the catarrh and throat trouble. I have recommended the medicine to several friends. As a minister's wife I come in contact with all classes of people, and shall always speak a good word for Peru-ns. I have given trial bottles to a few friends. I wish you abundant success, so long as you merit it so richly as you have heretofore."

well. I recommend it to everybody with many thanks."

In glancing at this group of handsome, healthy women one can scarcely make himself believe that they had ever been invalids. Their letters reveal, however, that such was the case. Miss Schoelppe, of Missouri, suffered three years with catarrh of the head, nose and throat. Only a lady of refinement and delicacy can understand the full horror of three years' servitude to chronic nasal catarrh. Of course, this lady was trying her test all the time to find a cure; but was unsuccessful. Her attention was called to Peru-na, which promptly relieved and finally cured her. Miss Linnic Wiggins, of Ohio, had a very similar experience, as her letter reveals.

I have never found an equal to Peru-na for regulating the menses, and before I began to take it I was never regular and always had more or less pain. I had tried nany different medicines before I saw Pe-ru-na, but without success."

Mrs. Naeve, of Oregon, has found Pe-ru-na to be, what so many other women have discovered, a perfect panacea of the ills peculiar to women, Dr. Hartman was the first to point out to the medical profession that the peculiar aliments of women are nearly always due to catarrh of the pelvic organs. Pe-ru-na cures catarrh wherever located. This explains why it is that so many women have found Pe-ru-na such a permanent cure for their special aliments. But catarrh assumes a variety of forms.
